Administration

COLORADO PROPERTY TAXES

OVERVIEW

The Colorado property tax system provides revenue exclusively for local government services. The state does not impose a levy, although by Constitution it could do so. The largest share of property tax revenue (58.4%) goes to support the state's public schools. County governments claim the next largest share (24.9%), followed by special districts (11.5%), and municipal governments (5.2%).

The authority for property taxation is both constitutional and statutory. Article X of the Colorado Constitution provides that all property is taxable unless declared exempt by the Constitution; and that actual value of taxable property shall be determined under the general laws to secure just and equalized valuations. The specific statutes pertaining to property taxation are found in Title 39, Articles 1 through 13, Colorado Revised Statutes.

Under the general laws of Colorado, county assessors are required to value all taxable property within their territorial jurisdictions. The State Board of Equalization has supervision over the administration of all laws concerning the valuation and assessment of taxable property and the levying of property taxes. The Division of Property Taxation, under the leadership of the Property Tax Administrator, coordinates and administers the implementation of property tax law throughout the sixty-three counties.

RESIDENTIAL ASSESSMENT RATE

As part of an effort to head off a tax shift to residential improved property, a 1982 amendment to the Colorado Constitution provides for an adjustment in the residential assessment rate. The General Assembly is required to adjust the rate should the proportion of statewide residential value change due to a reappraisal. All other taxable property is valued for assessment at 29 percent of its actual value, except producing mines and oil and gas leaseholds and lands.

In 1987, the General Assembly acted on reappraisal assessed value projections for the 1985 level of value and reduced the residential assessment rate from 21 percent to 18 percent of actual value.

In 1988 the General Assembly acted on actual 1987 valuations and further reduced the residential assessment rate from 18 percent to 16 percent of actual value.

In 1989 the General Assembly acted on reappraisal assessed value estimates developed by the Division of Property Taxation for the 1988 level of value and reduced the residential assessment rate from 16 percent to 15 percent. Actual assessed values reported by the counties later in 1989 substantiated the 15 percent residential assessment rate for 1989 and 1990.

Table 1 indicates the percentage changes in the assessed values of each property class between the 1989 and 1990 property tax years.

Table 1

Class	Percent Change 1989-1990
Vacant Land	-6.5%
Residential	+1.1%
Commercial	-1.2%
Industrial	+.6%
Agricultural	+1.5%
Natural Resources	-4.0%
Producing Mines	-.3%
Oil & Gas	+8.7%
State Assessed	-2.3%
Total	-.2%

Vacant land declined 6.4% primarily due to full implementation of subdivision discounting procedures. Residential increased 1.1% and industrial increased .6% due to new construction. Commercial declined 1.2%, natural resources declined 4.0%, and producing mines declined .3% primarily due to adjustment of personal property values for inflation after June 30, 1988. Oil and gas increased 8.7% due to increased production and higher prices. State assessed decreased 2.3 percent due to adjustment of these values for inflation after June 30, 1988.

In 1988 the General Assembly enacted SB 88-184, which requires the Property Tax Administrator to perform a documented residential assessment rate study for each change in level of value, the next change being in 1991.

Three steps are required to perform this study. First, new target percentages were established for residential real property and all other property. These target percentages were based on the 1989 target percentages of 44.51% and 55.49% for residential real property and all other property respectively. To the assessed values which these percentages represent were added 1989 and 1990 net new construction and the net change in production volumes of natural resources, producing mines, and oil and gas properties between 1988 and 1990. Once these values had been added to residential real or all other property, as appropriate, new target percentages were calculated. The 1991 target percentages are 44.57% and 55.43% for residential real property and all other property respectively.

Second, 1991 assessed values were estimated using market sales data collected from 1989 and the first half of 1990. Certain classes of property were not estimated using market sales, but other estimation techniques were used for these classes. Once assessed values had been estimated for residential real property, the actual value of this property was calculated by dividing the assessed value by the then current residential assessment rate of 15%.

Third, a proportion problem was created whereby 1991 residential real property's estimated actual value, multiplied by an unknown residential assessment rate, divided by all other estimated assessed value was set equal to 44.57% divided by 55.43%. Solving for the unknown residential real property assessment rate yielded an estimated residential assessment rate of .1434 or 14% rounded.

TAXING ENTITIES

Because of provisions in the State School Finance Act, those school districts with greater assessed value per pupil receive less state aid. The local property tax burden in those districts increases to fill the gap.

In 1990 the General Assembly, in an effort to stabilize this tax burden shift, continued to increase the state's contribution to K-12 educational programs. The statewide contribution percentage in 1990 was 47.7%.

Table 2 indicates the percentage changes in property tax revenue by taxing entity type between 1989 and 1990 levies.

Table 2

Taxing Entity	% Change 1989-1990
School Districts K-12	-.4%
Junior Colleges	+5.9%
City & County of Denver	-10.3%
Other Counties	+4.6%
Special Districts	+4.4%
Municipalities	+3.8%
All Entities	+.9%

STATE BOARD OF EQUALIZATION

Membership

The State Board of Equalization (state board) consists of the Governor or his designee, the President of the Senate or his designee, the Speaker of the House of

Representatives or his designee, and two members appointed by the governor with consent of the Senate. Each appointed member must be a qualified appraiser, a former assessor, or a person who has knowledge and experience in property taxation. In 1990, state board members included Donald C. Eberle, Chairman and appointee of Governor Roy Romer; Lyle C. Kyle, Vice-Chairman and designee of Senate President Ted L. Strickland; Carl B. Bledsoe, Speaker of the House of Representatives; Kenneth L. Salazar, designee of Governor Roy Romer; and Larry Kallenberger, appointee of Governor Roy Romer.

Duties and Responsibilities

The state board has various duties concerning the administration of property tax laws and equalization of the value of classes and subclasses of taxable property. Duties of the state board are found primarily in Article X, Sections 2 and 15 of the Colorado Constitution and in Title 39, Article 9, Colorado Revised Statutes.

Among its duties, the state board reviews the findings and conclusions of the annual study and orders reappraisals in counties found not in compliance. The annual study was initiated by the 1982 amendment to the constitution, and is conducted by the Director of Research of Legislative Council pursuant to 39-1-104(16), C.R.S. The study and the resulting orders of reappraisal are the primary means of achieving statewide equalization. The state board also reviews county Abstracts of Assessment, decisions of county boards of equalization, and the policies and recommendations of the Property Tax Administrator.

1990 Enforcement and Repayment Actions

On October 22 and 23, 1990, the state board met in the Old Supreme Court Chambers, State Capital, to review the findings and conclusions of Thimgan & Associates, auditing contractor for Legislative Council.

After considering all of the evidence and testimony, the state board concluded that one county was not in compliance with Colorado assessment law. The county assessor subsequently received orders to reappraise the following classes and subclasses of property.

1990 Enforcement Actions

The reappraisal orders in 1990 consisted of the following.

County	Property Classes Ordered
Pitkin	Vacant Land Residential single family and condominiums

On November 19, 1990 the state board met to consider and approve Pitkin County's plan for reappraisal.

As part of the 1982 amendment to the constitution, all counties that are ordered to reappraise will be required to reimburse the state for excess state equalization payments made to school districts. Excess state aid to schools occurs when counties are undervalued. The counties may be required to reimburse the costs of supervision, as well.

1990 Repayment Actions for 1989 Orders

On October 22 and 23, 1990, the state board ordered repayments of 1990 excess state aid to schools in the following amounts. The amounts do not include statutory interest payments.

County	State Aid
Cheyenne	$ 3,490
Fremont	441,481
Grand	119
Otero	21,185
Total	$466,275

County	Supervision
Cheyenne	$20,119
Fremont	36,406
Grand	4,126
Otero	6,486
Total	$67,137

The state board allowed each county an alternative to direct repayment of the costs of supervision. This alternative enabled each county to reinvest the costs of supervision within the assessor's office as a means to enhance the operational effectiveness of the office. No mill levy increases were allowed to fund this alternative. Funding of the alternative was to occur from existing county revenue sources. All counties chose this alternative.

1989 Enforcement Actions

On October 23, 1989, the state board, after considering all testimony, concluded that four counties were not in compliance with Colorado assessment law. Each county assessor subsequently received orders to reappraise the following classes and subclasses of property.

Reappraisal orders in 1989 consisted of the following.

County	Property Classes Ordered
Cheyenne	Vacant Land Residential
Fremont	Vacant Land Residential Commercial
Grand	Vacant Land
Otero	Irrigated land

On November 17 and December 1 (Grand County), 1989 the state board met to consider county plans for reappraisal. All plans were accepted with the exceptions that Cheyenne and Otero Counties were to increase the level of state supervision contained in their plans.

On October 25, 1989 the state board overruled county board of equalization decisions made in Archuleta, Dolores, and Park Counties. These decisions increased the assessed values in each of the three counties by the following amounts.

County	Class of Property	Amount
Archuleta	Comm Pers	$66,380
Dolores	Vacant Land	306,400
	Residential	84,950
	Commercial	24,930
Park	Unpatented mining claims	247,890
Total		$730,550

Status of 1989 Repayment Actions for 1988 Orders

On October 24 and 26, 1989, the state board heard testimony concerning the payback of excess state equalization payments and supervision costs resulting from their 1988 reappraisal orders.

Reappraisal orders in 1988 consisted of the following.

County	Property Classes Ordered
Las Animas	Commercial
Otero	Residential

The state board initially ordered that the Otero County reappraisal be conducted using county personnel, under the supervision of the state board through the Property Tax Administrator, and that the county reimburse the state for the cost of supervising the reappraisal. The Las Animas County reappraisal was ordered to be conducted by the county with the assistance of, rather than supervision through, the Property Tax Administrator. The state board directed Otero County to present a plan of reappraisal to the state board for consideration on October 20, 1988, which was approved.

On October 24 and 26, 1989, the state board ordered repayments of 1989 excess state aid to schools and supervision costs in the following amounts. The amounts for excess state aid to schools do not include interest at seven percent.

County	State Aid
Las Animas	$23,823
Otero	73,044
Total	$96,867

	Supervision
Las Animas	$ 0
Otero	30,000
Total	$30,000

The state board allowed Otero County an alternative to direct repayment of the costs of supervision. This alternative enabled Otero County to reinvest the costs of supervision within the assessor's office as a means to enhance the operational effectiveness of the office. No mill levy increases were allowed to fund this alternative. Funding of the alternative was to occur from existing county revenue sources. Otero County chose this alternative.

On October 23 and 24, 1990, the state board determined that all ordered excess state aid to schools payments had been made by Las Animas and Otero Counties and that Otero County had expended $37,903 to enhance the operation of the county assessor's office.

1987 Enforcement Actions

On October 25, 1989, the state board heard testimony concerning the payback of state supervision costs resulting from their 1987 reappraisal orders.

Reappraisal orders in 1987 consisted of the following.

County	Property Classes Ordered
Archuleta	Residential and Commercial/Industrial
Baca	Commercial/Industrial
Bent	Ag outbuildings
Conejos	Residential, Ag outbuildings, Vacant Land, non-producing patented mining claims
Costilla	Residential
Custer	Commercial/Industrial
Delta	Ag meadow hay land
Gilpin	Commercial/Industrial
Gunnison	Ag meadow hay land
Kit Carson	Residential land, residential-single family earth and stone land
Lake	Commercial/Industrial
Las Animas	Vacant Land, Residential, Ag improvements earth and stone land
Logan	Residential-rural
Mineral	Commercial/Industrial
Montrose	Ag irrigated and meadow hay land
Park	Earth and stone land
Rio Blanco	Commercial/Industrial
Saguache	Vacant Land, Residential, Ag irrigated and meadow hay land
San Juan	Vacant Land, Residential-single family
San Miguel	Rural properties
Sedgwick	Commercial/Industrial
Washington	Ag dry land
Yuma	Vacant Land, Residential, Commercial/Industrial, Ag improvements

Status of 1988 Repayment Actions for 1987 Orders

The state board found, in 1988, after review of the ordered reappraisal results, that the reappraisals in Custer and Park Counties resulted in lower values and, therefore, no excess state aid to schools occurred and supervision costs would not have to be repaid.

The state board also determined that the reappraisal order for San Miguel County was not justified and, therefore, San Miguel County was not required to repay supervision costs. For various other reasons, the state board determined that the supervision costs associated with Logan, Mineral, Rio Blanco, and Sedgwick Counties would not have to be repaid.

On October 25, 1989 the state board determined that all ordered excess state equalization repayments had been made.

The state board allowed all of the remaining sixteen counties, which were ordered to reappraise classes of property in 1987 an alternative to direct repayment of the costs for their supervision . This alternative enabled the counties to reinvest the costs of supervision within their respective assessors' offices as a means to enhance the operational effectiveness of those offices. No mill levy increases were allowed to fund this alternative. Funding of the alternative was to occur from existing county revenue sources. All of the sixteen counties chose this alternative and were found by the state board to be in compliance with the requirements of the alternative on October 24, 1990.

DIVISION OF PROPERTY TAXATION

Under the general laws of Colorado, the Division of Property Taxation is headed by the Property Tax Administrator. The Administrator is appointed by the State Board of Equalization to serve for a five-year term and until a successor is appointed and qualified.

The primary responsibility of the Division of Property Taxation (division) is to administer the implementation of property tax law throughout the sixty-three counties so that valuations are fair, uniform, and defensible; and, thereby, that each property class contributes a fair share, no more and no less, to total property tax revenue. In other words, the division's goal is equalization of valuation and proper distribution of property taxes throughout the state.

The division is composed of five sections: Appraisal Standards, Assessment Administration, Central Resources, State Assessed Properties, and Exempt Properties.

Appraisal Standards staff conduct all appraisal courses and develop appraisal procedures for residential, commercial and industrial properties, agricultural land, natural resource, and recreational properties. They provide workshops in specialized areas of valuation; conduct schools dealing with the cost, market, and income approaches to value; and research, write, and publish manuals dealing with appraisal. Consultation and assistance is provided to county staffs with appraisal problems.

Assessment Administration staff conduct all courses dealing with the administration of an assessor's office; and research and develop manuals on assessment procedures and legal references. They provide workshops in specialized areas of assessment administration such as certification of values and levies, title conveyance, and parcel mapping. The section serves as primary liaison to the sixty-three counties in determining existing and future needs for assistance from the division in any area.

Central Resources coordinates and edits division publications, conducts research projects for the division and the General Assembly, processes abatement petitions, publishes the mobile equipment manual for county clerks and recorders, and provides data processing coordination. The section provides administrative services for the division, the State Board of Equalization, and the Statutory Advisory Committee to the Property Tax Administrator. In addition, the section deals with taxpayer complaints and serves as a liaison and coordinator with a variety of agencies with an interest in property taxation.

Specifies that the use of agricultural land for hunting, fishing, or other wildlife purposes shall not affect such agricultural classification.

Requires assessors to consider the actual value of taxable property for the first year of the reassessment cycle, as may have been adjusted prior to the next assessment date, to be the actual value for the second year of the reassessment cycle unless there is evidence showing that any of the three approaches to appraisal requires modification of such actual value. Requires any taxpayer which has taken a county board of equalization decision to arbitration to produce information supporting his or her position in addition to requiring the assessor to produce information supporting the assessor's valuation. Mandates that the arbitrator shall consider the information presented by both sides. At such hearing, requires the assessor to produce information supporting his or her valuation but prohibits the reliance on any confidential data which cannot be presented to the taxpayer without revealing its source. Requires county boards of equalization to hear and consider all testimony and exhibits presented in such hearings. In any appeal of valuation decisions of county boards of equalization or in any appeal of abatement or refund decisions by boards of county commissioners, prohibits increasing the valuation established by such board except for specified reasons; specifies that the valuation of similar property similarly situated is credible evidence; prohibits the respondent from relying on confidential data which cannot be released to the taxpayer without revealing its source; and requires assessors, upon request, to release to the taxpayer all data supporting the assessor's valuation two working days prior to any appeals hearing.

Specifies that once property is classified for property tax purposes, it shall remain so classified until the actual use changes or the assessor discovers that the classification was erroneous. Requires taxpayers to endeavor to comply with reasonable requests of assessors for information which cannot be obtained independently and which is necessary to determine the actual use of the property. Prohibits the failure to supply such information from being the sole reason for reclassifying such property.

Allows the nonexempt use of any property of a health care facility which is otherwise exempt from property tax if the nonexempt use does not result in gross income from an unrelated trade or business which exceeds 15% of the total gross revenues from all uses of such property. Specifies that, when an abatement or refund is granted prior to the certification of the mill levy, the board of county commissioners may determine when such abatement or refund shall be paid; however, such payment shall be no later than upon the payment of property taxes for the property tax year in which such abatement or refund was granted. Prohibits any abatement or refund from being granted on the ground of errors in valuation if the valuation has been protested or appealed and the protest or appeal is pending or upon which a final order or judgment has been issued. HB 90-1300 Special improvement districts - administrative and collection of special assessments. Requires certain resolutions adopted by boards of county commissioners relating to local improvement districts and certain ordinances adopted by governing bodies of municipalities relating to special improvement districts to be filed with specified county officers and the division of local government in the department of local affairs. Requires a good faith effort for such filings, but provides that failure to comply will not affect or impair the execution of the improvement. Establishes an additional reason for which a board of county commissioners or a governing body of a municipality may make a new assessment for such improvement district subsequent to making a final assessment. Authorizes county assessors to create separate schedules for assessing land pursuant to a final resolution of the county or pursuant to a final ordinance of the municipality.

Specifies that installment payments of special assessments which are collected by county treasurers shall be made at the same time that installment payments of property taxes are made. Authorizes county treasurers to adopt policies and procedures for the administration and collection of special assessments. Establishes requirements which must be met prior to adoption of such policies and procedures.

Effective July 1, 1990, allows municipalities other than the municipality creating a special improvement district to be included in such special improvement district as long as such municipalities are located in the same county as the municipality creating such special improvement district. Requires municipal consent by ordinance before another municipality may be included in such special improvement district. Eliminates the discount for the timely payment of special assessments.

Defines the terms "costs" and "property" for purposes of foreclosure proceedings conducted as a result of delinquent assessments for special assessment districts which exist on or are created on or after July 1, 1990.

STATE BOARD OF EQUALIZATION COURT CASE ABSTRACTS

The following court case abstracts are presented to document the judicial review history of State Board of Equalization (SBOE) decisions since January 1, 1983.

Douglas County v. SBOE
Denver District Court
83CV9452
June 5, 1984

The issue in this case was whether or not 1982 Constitutional Amendment 1 repealed the classification and valuation of land as "open space land."

The Court found that the special statutory provisions concerning the valuation of "open space land" were repealed by implication upon passage of 1982 Constitutional Amendment #1. The Court ruled, however, that the appointment of Senator Callihan to the SBOE was unconstitutional due to the prohibition against senators and representatives, while serving as such, also serving in State civil offices. The Court therefore reversed the SBOE's decision regarding "open space land" and remanded the decision to the SBOE for further action consistent with the Court's order.

Arapahoe & Jefferson County v. SBOE
Denver District Court
83CV011197
July 18, 1984

This case concerned the SBOE's authority to order a reappraisal in the face of lack of sufficient data, as admitted by the assessment auditor, but the case was withdrawn.

Centex Homes Corp. v. SBOE, et. al.
Denver District Court
84CV634
November 20, 1984

Decision of State Board Of Equalization appealed which overturned Arapahoe County Board of Equalization's decision to give residential assessment rate to vacant land.

The Court found that the SBOE acted as provided in the Constitution to order Arapahoe County to reassess 163 parcels of vacant residential land at 29% rather than the residential assessment rate of 21% applied to land with residential dwellings located thereon. The SBOE acted in a procedurally correct manner to give notice of the meeting at which the decision was made, acted correctly to review the county Abstracts of Assessment, to accept jurisdiction over the 163 parcel "subclass" created by Arapahoe County, and to order the change in assessment percentage. Even though the SBOE was not properly constituted at the time, Senator Callihan being both a senator and a member of the SBOE, the court found that the 5-0 decision was not unduly affected by Senator Callihan and should, therefore, remain undisturbed.

Douglas County v. SBOE
Denver District Court
83CV9452
February 26, 1985

The issue in this case was whether or not 1982 Constitutional Amendment 1 repealed the classification and valuation of land as "open space land," after remanding the case to the SBOE to vote on the matter without Senator Calahan.

The Court ordered that, after the SBOE reached the same conclusion after the remand, this case be dismissed with prejudice.

Gold Star Sausage Co. Inc. v. SBOE, et. al.
Denver District Court
83CV002591
September 1985

This case concerned depreciation of personal property beyond the current level of value, but the case was withdrawn.

Timothy Brant, et. al. v. SBOE, et. al.
Prowers County District Court
85CV89
March 19, 1986

This case concerned the appeal of values established as a result of a SBOE ordered reappraisal in Prowers County. The case was dismissed as a result of the plaintiffs not having exhausted their statutory administrative remedies.

Efren Romero, et. al. v. SBOE, et. al.
Denver District Court
84CV11491
May 7, 1986

This case concerned the reappraisal of property in Conejos County ordered by the SBOE and the plaintiffs' contention that the resulting notices of increased values were defective due to a lack of inclusion of Spanish language translations in the notices.

The parties to this case stipulated that beginning in 1986 (or when supplies of all old forms were exhausted, whichever was later), all notices of value sent in counties covered by the Voting Rights Act of 1965, as amended in 1982, would include Spanish language translations.

Adams County v. SBOE
Denver District Court
85CV16003
October 28, 1986

In this case, the plaintiffs contended that repayment of excess state aid to schools required as a result of a SBOE ordered reappraisal was inappropriate.

The Court found that Adams County's three arguments against the repayment of excess State aid to schools following the completion of a reappraisal were without merit. The Court found that, contrary to the County's opinion, "such excess" was calculable and, therefore, not vague; that there is no foundation for arguing that constitutional guidelines are unconstitutionally vague, the guidelines being free of ambiguities that would preclude uniform valuation; and, that without ambiguities, the adoption of rules and regulations is unnecessary.

Writer Corp. v. SBOE, et. al.
Denver District Court
87CV21800
July 6, 1988

This case concerned the assessment of land at 29%, when the land was subdivided residential vacant lots, rather than the then current residential assessment rate.

The Court found that the SBOE acted as provided in the Constitution to order Arapahoe County to reassess vacant lots, within improved and subdivided residential parcels of land, at 29% rather than the residential assessment rate applied to land with residential dwellings located thereon . The SBOE acted in a procedurally correct manner to give notice of the meeting at which the decision was made, acted correctly to review the county Abstracts of Assessment, to accept jurisdiction over the "subclass" created by Arapahoe County, and to order the change in assessment percentage.

Centex Homes Corp. v. SBOE, et. al.
Colorado Court of Appeals
87CA0887
November 17, 1988

This case concerned the assessment of land at 29%, when only improvements other than a residence existed, rather than the then current residential assessment rate.

The Court affirmed the Denver District Court's decision affirming the SBOE's jurisdiction and order that property with improvements but no residential dwelling unit be assessed at the same rate as all other (SIC) non-agricultural property.

Writer Corp. v. SBOE, et. al.
Colorado Court of Appeals
88CA1144
August 10, 1989

The Court affirmed the Denver District Court's decision affirming the SBOE's jurisdiction and order that property with improvements but no residential dwelling unit be assessed at 29%.

Telluride Regional Airport Auth. v. SBOE
Colorado Court of Appeals
87CV18262
August 17, 1989

The plaintiff in this case contended that the SBOE's order to San Miguel County, which required removal of exempt status for certain privately owned property within the boundaries of the airport authority, exceeded the SBOE's authority to act.

The Court ruled that the SBOE did not have the authority to rule on issues, contained in a district court case, regarding a piece of private property qualifying for exemption from property taxation. The Court further ruled that this matter was rightfully decided by the county board of commissioners and rightfully appealed to district court which overturned the commissioner's ruling and allowed exemption of the property.

Guest Mansions, Inc. V. SBOE, et. al.
Colorado Court of Appeals
89CA2023
January 24, 1991

The plaintiff in this case contended that the SBOE's order to Arapahoe County, which required removal of exempt status for certain privately owned property within the boundaries of the airport authority, exceeded the SBOE's authority to act.

The Court ruled that the SBOE did not have the authority to rule on the exemption of a private possessory interest in property owned by the airport authority. The Court further ruled that this matter was rightfully decided by the county board of commissioners in favor of the plaintiff.

(1) Averages will not add to the Total Average County Levy because denominators (Assessed Valuation) are not common to all.

(2) Municipal Revenues are divided by the sum of Municipal Assessed Valuation.

(3) Special District Revenues are divided by the sum of all Special District Assessed Valuation.

* These figures include tax increment valuation, and all tax revenues attributable to the increment are allocated to the increment financing authority only.
